

October is Breast Cancer Awareness Month

Are We Talking Enough? Survivorship and Sexuality

Wednesday, October 26

6:30-8:30 p.m.

St. Joseph Medical Center

Community Center for Health and Education

Join the Breast Center at St. Joseph Medical Center for an evening with Barbara Rabinowitz, PhD, MSW, RN, nationally renowned speaker and founder of the National Consortium of Breast Centers, as she leads an open discussion about life after breast cancer treatment.

Pink ribbons have been placed around our campus in honor of breast cancer survivors and in memory of those lost.

October is Domestic Violence Awareness Month

Every nine seconds, someone is the victim of domestic violence. Domestic violence can happen to anyone regardless of age or gender.

If you need help, or know of someone who needs help, support is available:

Hope House Hotline, 816-461-HOPE (4673)

Rose Brooks Crisis Line, 816-861-6100

Purple ribbons have been placed around our campus to help raise awareness about domestic violence in our community.
